

# Mining OUR FUTURE

## FreshWorks Studio

**FreshWorks Studio** is based in Victoria/Vancouver, BC and specializes in designing and developing mobile and web applications for commercial and enterprise interests.

**FreshWorks Studio** is spearheading the digital transformation of the public sector and helping new companies of any size enter the thriving app market. Their dedicated and passionate team of project managers, business analysts, UI/UX designers, app developers, and support staff can take an idea and make it a reality by delivering your custom software (mobile, web, blockchain) solution on time and within budget.

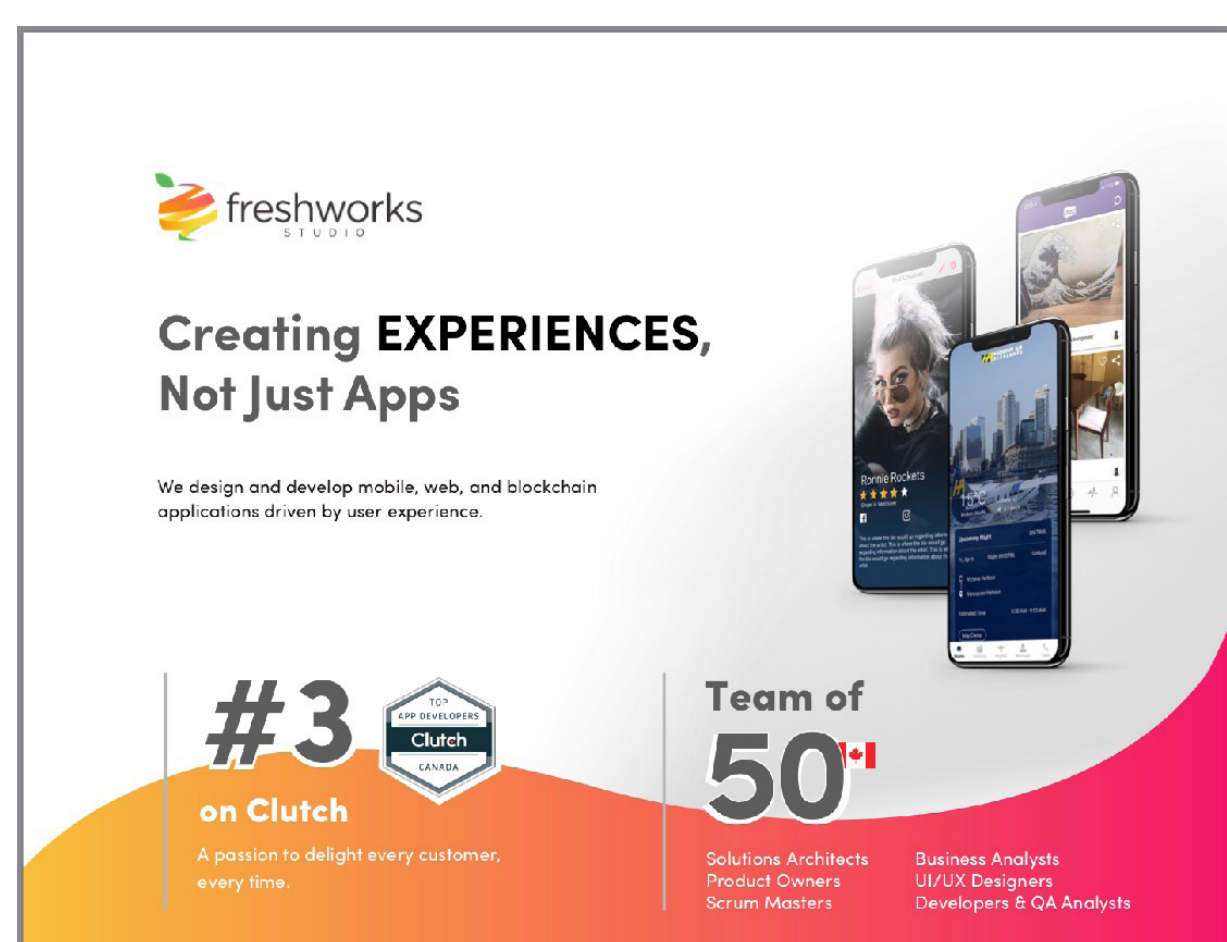

**FreshWorks Studio** is spearheading the digital transformation of the public sector by taking government inspections online, resulting in more accurate and comprehensive inspections and greater transparency and understanding of the rigorous regulatory framework in BC.

→ Operating in BC since 2014

→ Directly employs 51 Employees

→ Operating out of Vancouver, BC + Victoria, BC
